## A story of evolution

(ENG)

We **specialise exclusively in recycled glass mosaic tile**, which is why we make it better than anyone else. It's a lifelong passion, a genuine devotion to craftsmanship based on conviction, care, dedication and quality that's hard to beat.

In 1982 we began our international journey, **exporting to more than 100 countries worldwide** and positioning ourselves as a premium brand in the global market. Backed by a team of experts, R+D+i and design departments, together with a production plant spanning over **10,000 square metres**, we can now oversee every stage of the process. This allows us to ensure the quality of the more than **8,000 square metres of mosaic tile** manufactured every day among our product range of over 300 types of mosaic.

Throughout our 40-year history we have maintained our determination and firm commitment to **continuous improvement and incorporating new technologies**. This experience allows us to **set our own rules**. Not only are we time-tested experts in glass mosaic, but also experts in delivering on every commitment.

(ESP)

Somos especialistas **dedicados exclusivamente al mosaico de vidrio reciclado** y, por eso precisamente, lo hacemos mejor que nadie. Es un amor para toda la vida, una devoción verdadera que nos lleva a fabricar con convicción, mimo, dedicación y con una calidad difícil de imitar.

En 1982 comenzamos nuestra andadura internacional, situándonos como una marca referente en el mercado mundial que **exporta a más de 100 países del mundo entero**. Desde entonces, y de la mano de nuestro equipo experto, de nuestros departamentos de I+D+i y diseño, y con unas instalaciones productivas de más de **10.000m<sup>2</sup>**, somos capaces de controlar cada fase del proceso para asegurar la calidad de los más de **8.000m<sup>2</sup> de mosaico** que fabricamos al día de entre nuestras más de **300 referencias**.

Una trayectoria de 40 años en la que hemos mantenido nuestro carácter comprometido y nuestra determinación por mejorar mediante la **incorporación permanente de innovaciones**. Eso nos permite, no sólo **crear nuestras propias reglas**, sino poder afirmar y asegurar que, además de ser expertos y especialistas en el mosaico de vidrio, también lo somos en la manera en la que cumplimos con todo aquello a lo que nos comprometemos.

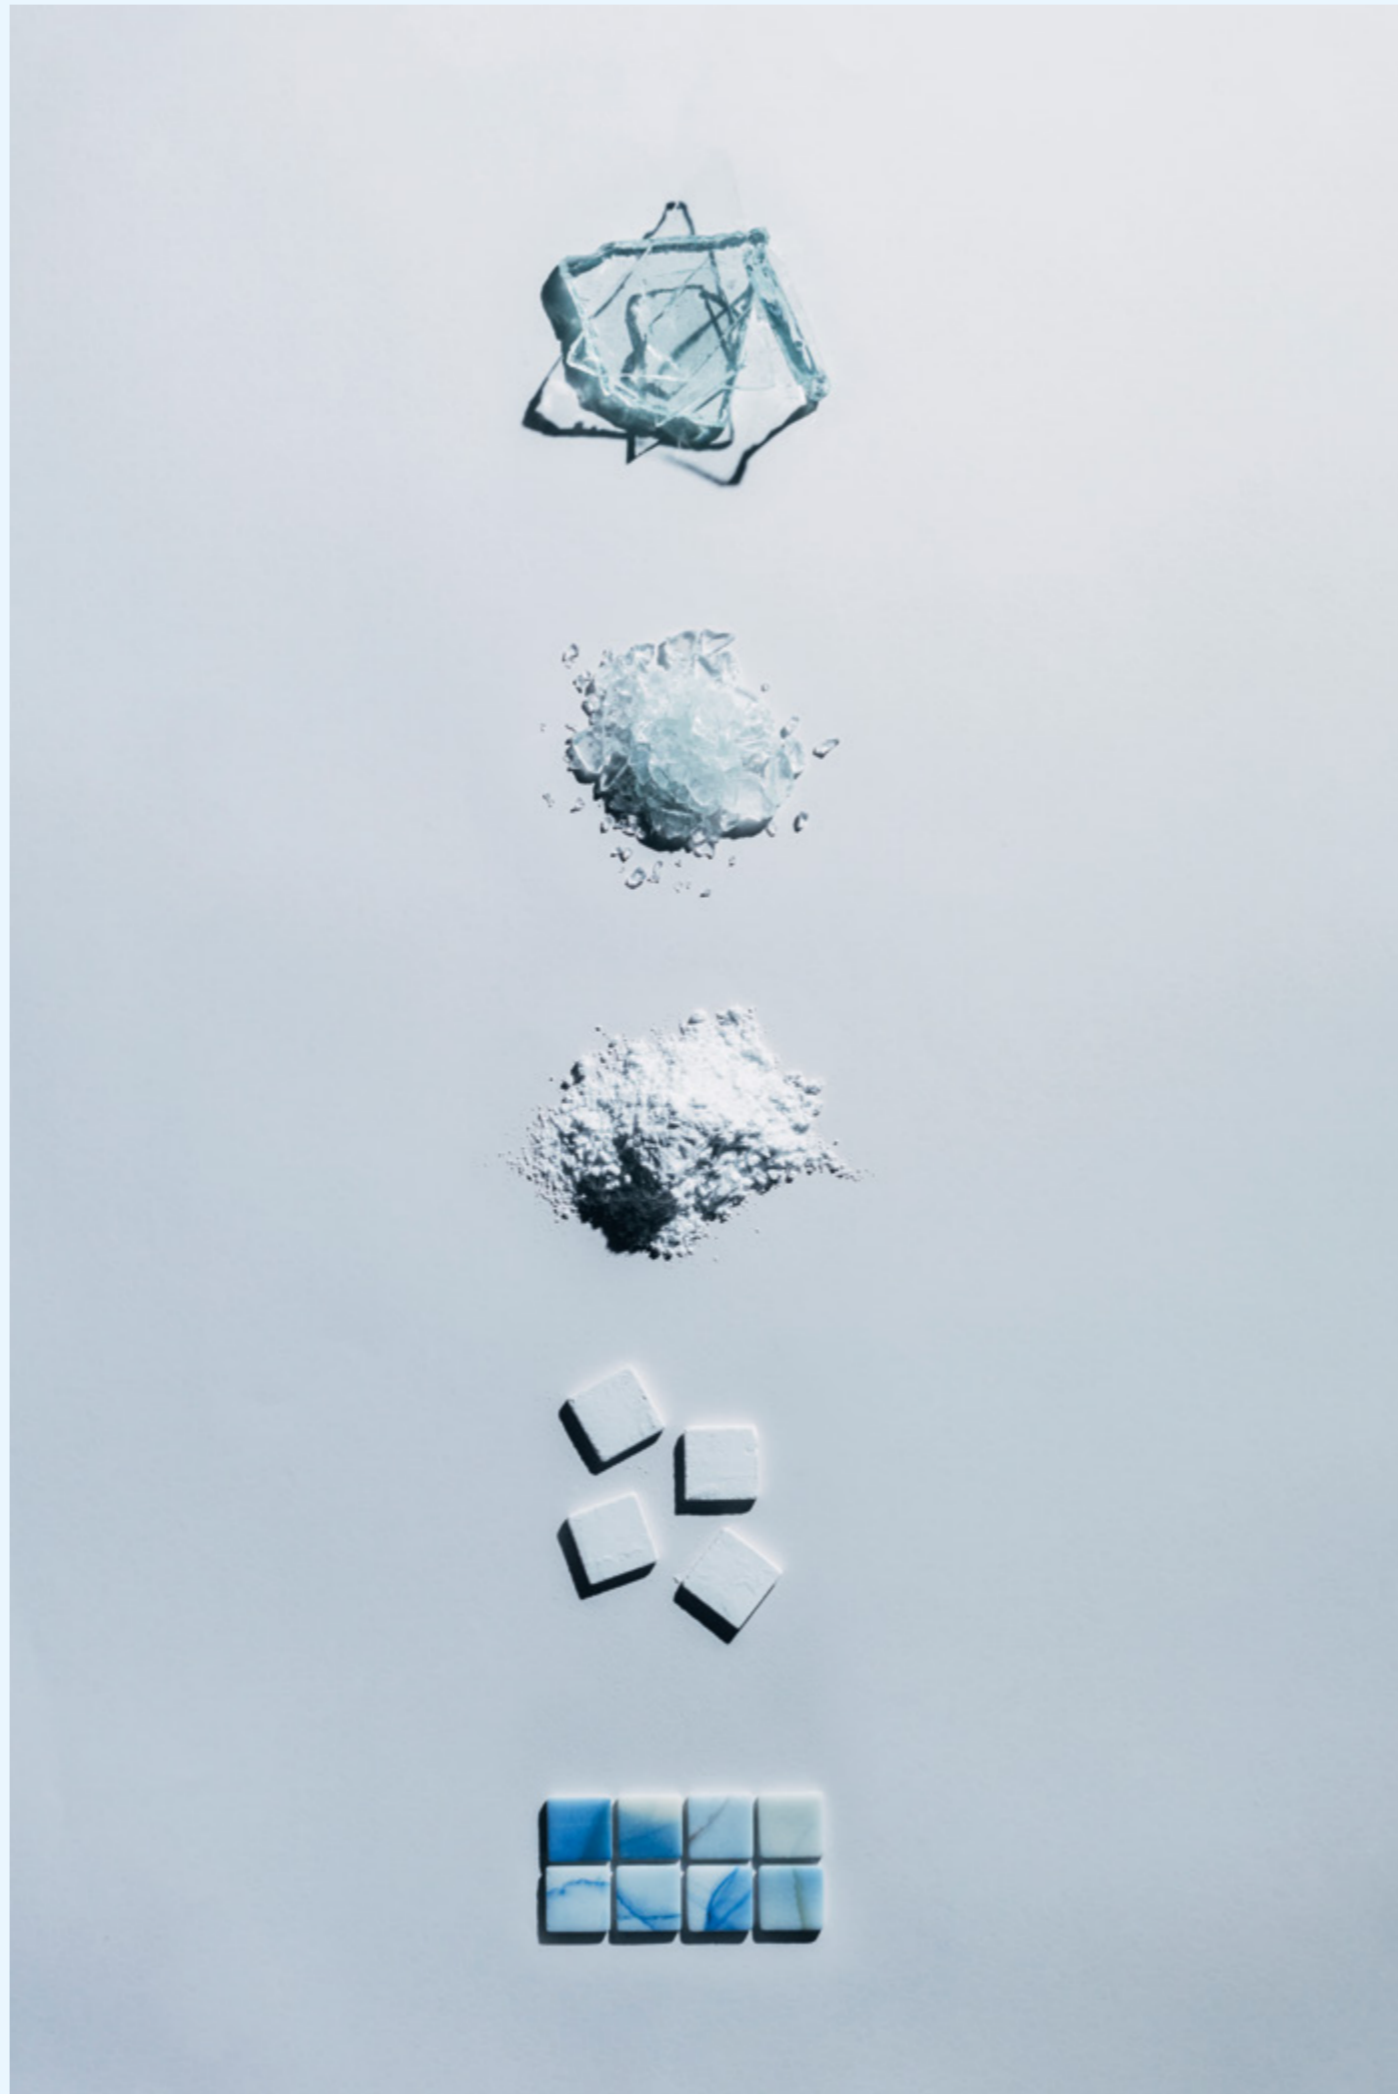

(FRA)

Nous sommes des spécialistes qui se **consacrent exclusivement à la mosaïque de verre recyclé**, c'est pour cela précisément que nous le faisons mieux que personne. C'est un amour pour toute la vie, une dévotion véritable qui nous amène à fabriquer avec conviction, soin, dévouement et une qualité difficile à imiter.

En 1982, nous avons commencé notre parcours international, en devenant une marque de référence dans le marché mondial qui **exporte à plus de 100 pays du monde entier**. Depuis, et de la main de notre équipe experte, de nos départements de R&D et Innovation et design, et avec des installations productives de plus de **10.000 m<sup>2</sup>**, nous sommes capables de contrôler chaque phase du processus pour garantir la qualité des plus de **8.000 m<sup>2</sup> de mosaïque** que nous fabriquons chaque jour parmi les plus de **300 références** que sont les nôtres.

Une trajectoire de 40 ans durant laquelle nous avons conservé notre caractère engagé et notre détermination pour améliorer au moyen de **l'incorporation permanente d'innovations**. Cela nous permet, non seulement de **créer nos propres règles**, mais aussi de pouvoir affirmer et garantir que, en plus d'être experts et spécialistes en mosaïque de verre, nous le sommes aussi dans la manière selon laquelle nous respectons notre engagement.

ISO 14021 Certification  
by Bureau Veritas

(ESP)

Nuestro producto es **100% fruto de la economía circular**. Un proceso productivo que parte siempre y de manera exclusiva del **vidrio reciclado**, contribuyendo así a la protección del medio ambiente y el cambio climático. Más de cuatro décadas reciclando vidrio de ventanas con una actitud sostenible que demuestra que nuestro compromiso con la calidad es firme y honesto y está estrechamente ligado al respeto en todos sus ámbitos: con el producto, con la materia prima, con las personas y con nuestro entorno.

(FRA)

Notre produit est **100% fruit de l'économie circulaire**. Un processus productif qui part toujours et de manière exclusive du **verre recyclé**, en contribuant ainsi à la protection de l'environnement et au changement climatique. Plus de quatre décades à recycler du verre de fenêtres avec une attitude durable qui démontre que notre engagement avec la qualité est ferme et honnête mais aussi qu'il est étroitement lié au respect dans tous les sens du terme : avec le produit, avec la matière première, avec les personnes et avec notre environnement.

# Six reasons for choosing ezarri glass mosaic

Las 6 razones por las que elegir mosaico de vidrio ezarri

Les 6 raisons pour lesquelles choisir la mosaïque de verre ezarri

## 1

## 2

### Quality

Technology, style, performance and design come together in a product of uncompromising quality. The highest quality is also ensured throughout the production process, service, transparency, and the final result. Because for Ezarri, quality means respecting our product and our customers.

**Calidad del producto:** Unión de técnica y estética, funcionalidad y diseño para un producto de calidad absoluta. Pero calidad también en todo el proceso de producción, en el servicio, en la transparencia, en el resultado final. Porque calidad es para Ezarri respeto por el producto y por nuestros clientes.

**Qualité du produit:** Union de technique et d'esthétique, de fonctionnalité et de design pour un produit de qualité absolue. Mais de la qualité aussi durant tout le processus de production, dans le service, dans la transparence, dans le résultat final. Parce que la qualité est pour Ezarri le respect envers le produit et envers nos clients.

## 3

### Customisation

Our mix generator allows you to create your own composition from our wide range of mosaic tiles. Or if you prefer, we can make a bespoke design for your project using our digital print system.

**Posibilidad de personalización:** Contamos con un generador de mezclas que te ayudará a crear tu propia composición a partir de nuestra amplia gama de mosaicos. O, si lo prefieres, podemos plasmar el dibujo que quieras gracias a nuestros sistema de impresión digital.

**Possibilité de personnalisation:** Nous comptons sur un générateur de mélanges qui vous aidera à créer votre propre composition à partir de notre ample gamme de mosaïques. Ou, si vous le préférez, nous pouvons reproduire le dessin que vous souhaitez grâce à notre système d'impression numérique.

## 4

### Eco-friendly

Our origins are rooted in sustainability. 100% recycled glass. 14021 Certification is our seal of approval.

**Alma eco:** Nuestro origen que parte de lo sostenible. Vidrio 100% reciclado. Nuestra Certificación 14021 nos avala.

**Alma eco:** Notre origine qui part de la durabilité. Verre 100% recyclé. Notre Certification 14021 le garantit.

## 5

### Perfect for swimming pools

The almost zero water absorption rate and resistance to chemical corrosion help to keep Ezarri pools unaltered over time.

**Indicado para piscinas:** La casi nula absorción de agua unida a la resistencia del mosaico al producto químico ayudan a mantener las piscinas Ezarri en condiciones excelentes

**Recommandé pour piscines:** La quasi nulle absorption d'eau unie à la résistance de la mosaïque au produit chimique aide à maintenir les piscines Ezarri dans de conditions excellentes.

## 6

Innovation, efficiency, performance and guarantee.  
Innovación, eficacia, resultado y garantía.  
Innovation, efficacité, résultat et garantie.

(ENG)

Technique is in our DNA. As expert manufacturers, we make the complex simple. Therein lies our unique competitive edge. Our **JointPoint®** system is a prime example of our commitment to technological precision and innovation.

- This system leaves **92% of the mosaic surface free for applying the adhesive**, which means much greater durability.

- Its unique composition adapts to any curve or shape, ensuring **maximum flexibility and strength**. Working around obstacles is straightforward with the simple, easy-to-cut system.

- Its flexibility and adaptability make it extremely easy to install, **saving up to 25% of installation time** compared to paper-based systems.

- As it is **not affected by moisture**, there is no expansion, shrinkage or breakage.

(ESP)

La técnica está en nuestro ADN. Como expertos fabricantes, hacemos simple lo complejo, esa es nuestra diferenciación singular y competitiva. Y nuestro sistema **JointPoint®** es la principal muestra de nuestro compromiso con la precisión tecnológica y la innovación.

- Un sistema que deja el **92% de la superficie del mosaico libre para aplicar la cola de agarre**, lo que se traduce en una enorme garantía de durabilidad.

- Su exclusiva composición consigue unas **prestaciones de maleabilidad y resistencia máximas**, capaces de adaptarse a cualquier curva y forma, así como de solventar obstáculos con un corte fácil, rápido y sencillo.

- Su flexibilidad y adaptabilidad hacen que su colocación sea enormemente sencilla, **ahorrando hasta un 25% del tiempo** en contraste con el empanelado en papel.

- Su **resistencia al agua y la humedad** evita cualquier dilatación, contracción o rotura.

(FRA)

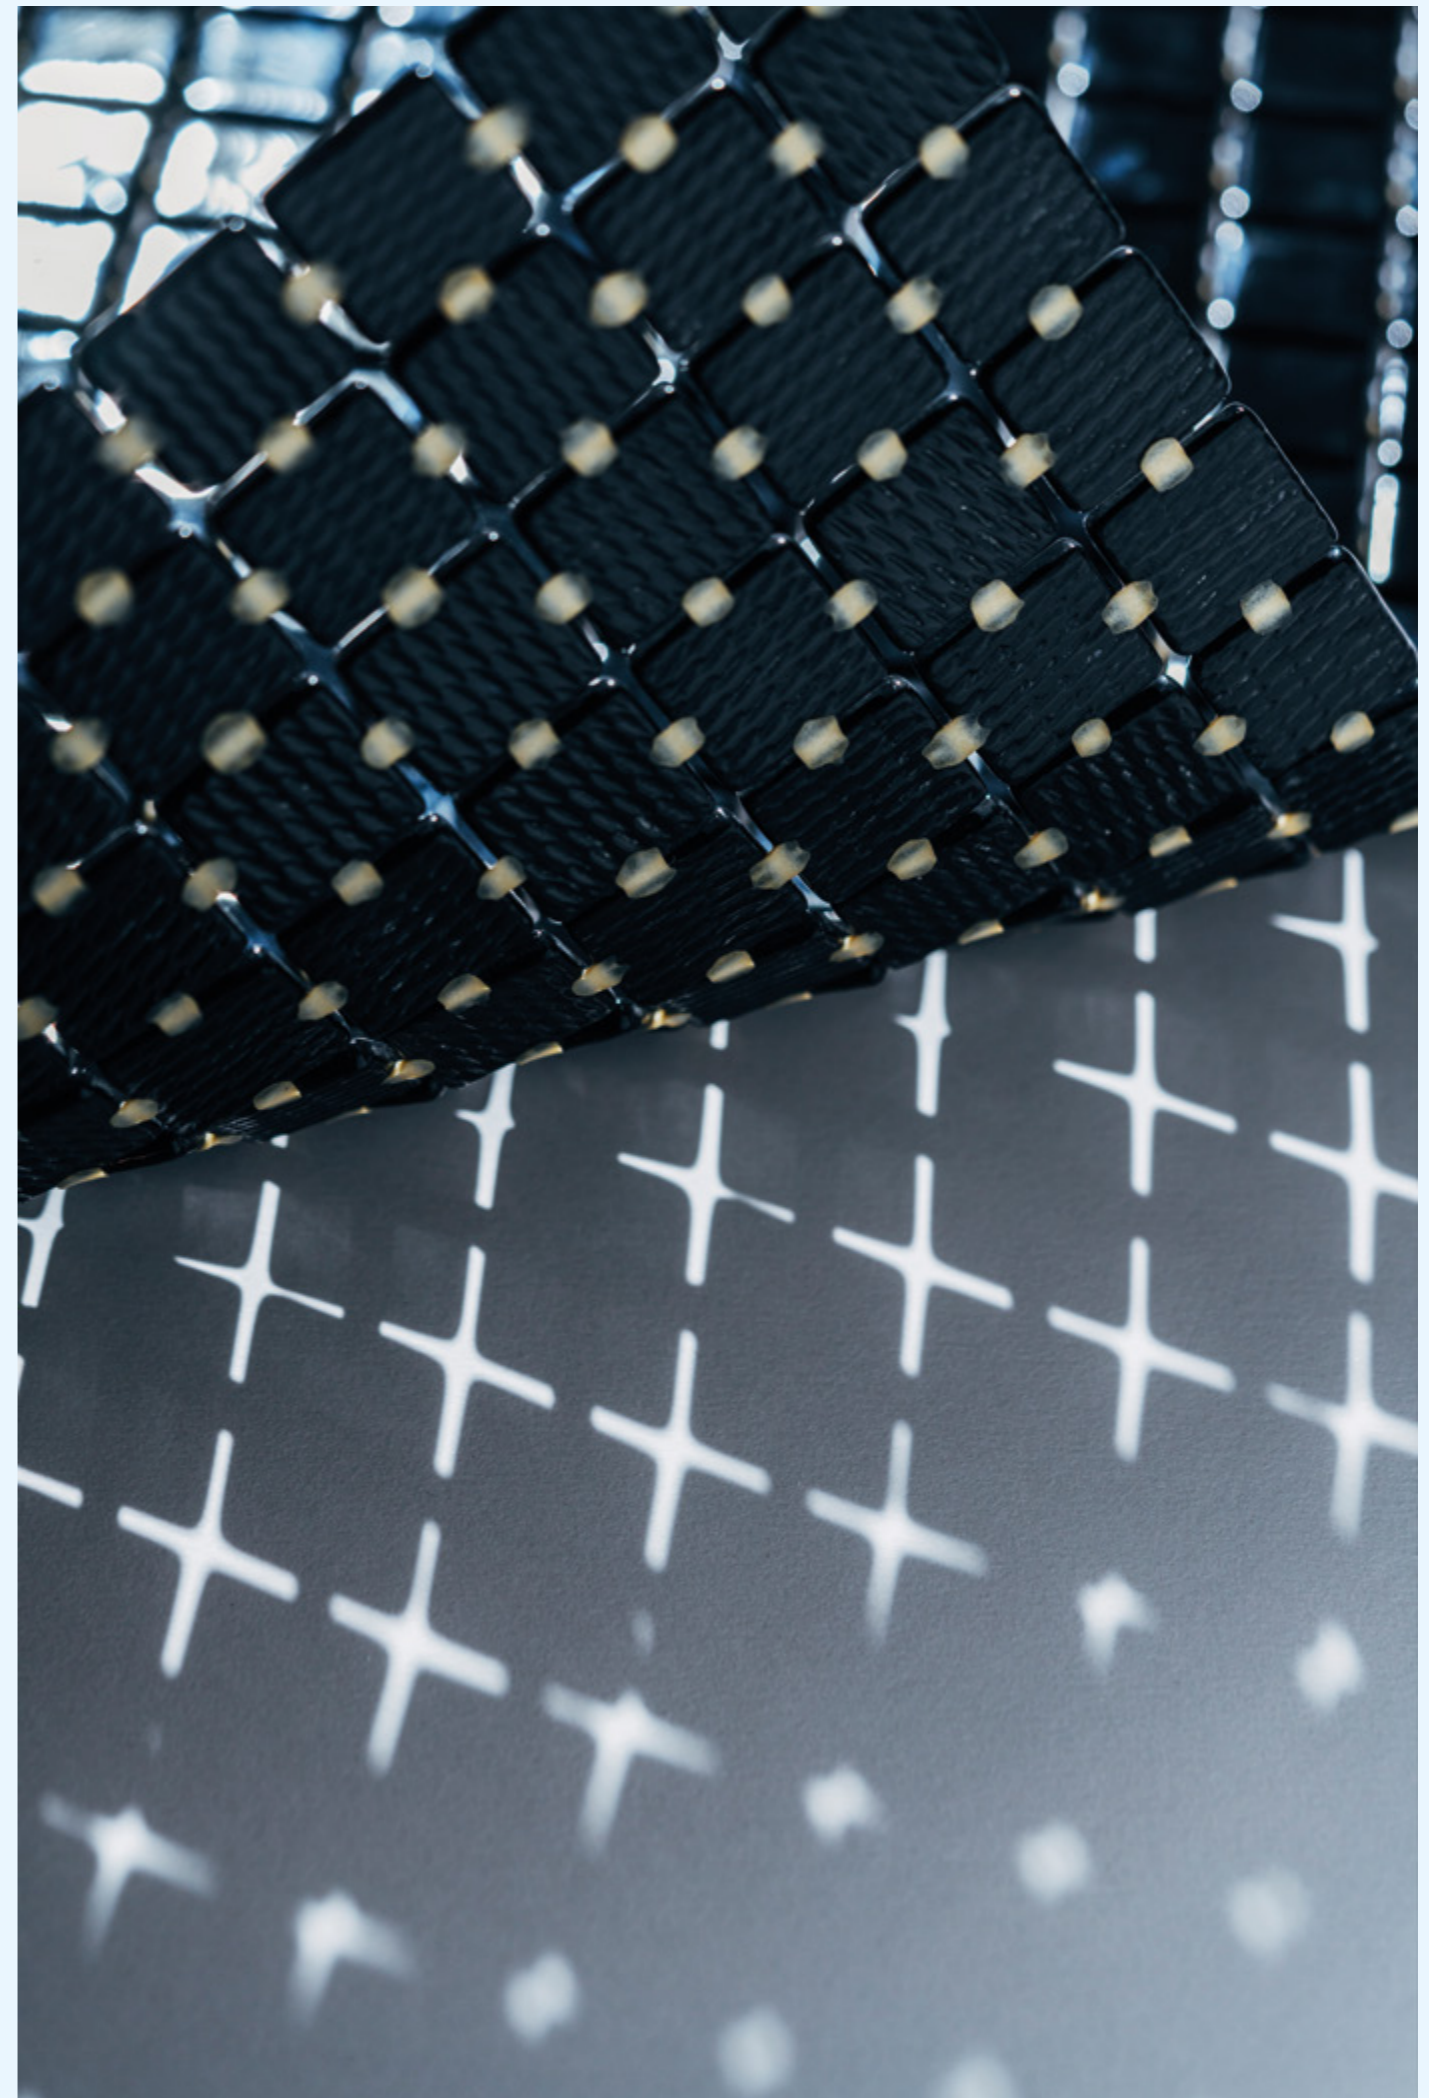

La technique est dans notre ADN. En tant qu'experts fabricants, nous faisons simple ce qui est compliqué, là se trouve notre différenciation singulière et compétitive. Et notre système **JointPoint®** est la principale preuve de notre engagement avec la précision technologique et l'innovation.

- Un système qui **laisse 92% de la surface de la mosaïque libre** pour appliquer la colle d'adhésion, ce qui se traduit par une énorme garantie de durabilité.

- Sa exclusive composition offre des **prestations de malléabilité et de résistance maximales**, capables de s'adapter à n'importe quelle courbe et forme. Elle peut aussi éliminer des obstacles avec une coupe facile, rapide et simple.

- Sa flexibilité et son adaptabilité rendent la pose très facile, et permettent de **gagner 25% du temps** qui aurait été nécessaire avec la fixation papier.

- Sa **résistance à l'eau et à l'humidité** évite tout type de dilatation, contraction ou fissure.

# When water matters

What will the colour of the water look like in my pool?

¿De qué color se verá el agua de mi piscina?

Quelle sera la couleur de l'eau de ma piscine ?

(ENG)

The power of colour is boundless. It connects us to moments, sensations, emotions.... For this very reason, one of the most frequently asked questions for anyone planning to build the pool of their dreams is What colour do I want it to be and what mosaic tile should I choose?

Colour is determined by several factors, such as light, water depth, location and the scenery around your pool.

The deeper the pool, the deeper the colour. The shallower the pool, the lighter the colour. Another vital factor is sunlight. The amount of light that falls on the pool water will directly affect the shade and overall feel of the pool. The same goes for everything in the immediate environment, including any buildings that make the water appear darker or trees that reflect a greener tone.

And, of course, the glass mosaic chosen for the pool's finish. Your choice of tile will be an important factor for the water colour you're after. Transparent, turquoise blue, Tuscan green, sky blue...?

(ESP)

El poder del color es infinito. Consigue conectarnos con momentos, sensaciones, emociones... Y por eso mismo, una de las preguntas que más se hace quien va a construir la piscina de sus sueños es ¿qué color quiero que tenga y qué mosaico debo elegir para conseguirlo?

El color va estrechamente ligado a factores como la luz, la profundidad del agua, el lugar en el que se encuentra nuestra piscina y todo aquello que la rodea...

A piscinas con mayor profundidad, el efecto del agua sobre ellas será más oscuro. Y, del mismo modo, cuanto menos profundidad tenga la piscina, más clara se verá el agua sobre ella. Otro factor vital: la luz del sol. La cantidad de luz que incida sobre el agua de la piscina afectará también de manera directa al color claro y oscuro de su estética, así como todo aquello que rodee el espacio de piscina, como edificios que la hagan parecer más oscura o árboles que puedan reflejar en ella un tono más verdoso.

Y, por supuesto, el mosaico de vidrio elegido para revistirla. A diferencia de lo que puede parecer, depende del tono que busquemos, deberemos elegir uno u otro. ¿Transparente, azul turquesa, verde toscano, azul del cielo?

(FRA)

Le pouvoir de la couleur est infini. Il parvient à nous connecter avec des moments, des sensations, des émotions... Et pour cette raison, l'une des questions que se posent le plus souvent ceux qui vont construire la piscine de leurs rêves est : de quelle couleur je veux qu'elle soit ? Et pour obtenir cette couleur, quelle mosaïque dois-je choisir ?

La couleur est étroitement liée à des facteurs tels que la lumière, la profondeur de l'eau, l'endroit où se trouve notre piscine et tout ce qui l'entoure...

Dans les piscines plus profondes, l'effet de l'eau sera plus sombre. De même, moins la piscine est profonde, plus l'effet de l'eau sera clair. Un autre facteur vital : la lumière du soleil. La quantité de lumière qui tombe sur l'eau de la piscine changera également et directement la couleur claire et sombre de son esthétique, ainsi que tout ce qui entoure l'espace de la piscine, comme les bâtiments qui la feraient apparaître plus sombre ou les arbres qui peuvent y réfléchir un ton plus verdâtre.

Et, bien sûr, la mosaïque de verre choisie pour la recouvrir. Contrairement à ce que cela paraîtrait paraître, selon le ton que l'on recherche, il faut choisir l'un ou l'autre. Transparent, bleu turquoise, vert toscan, bleu ciel?

Perla - Iris Collection

## White tone mosaics

Carrara, Perla, Diamond 2545-A

Mosaics with white tones make the water a pale sky blue.

Darán a la piscina unos tonos de **agua azul cielo claro**.

Elles donneront à la piscine des nuances d'eau **bleu ciel clair**.

Ash - Zen Collection

## Beige and pink mosaics

Ash, Marfil, Arena, Nacar, 2514-B, 2576-B, 2596-B, 2597-B, 2523-B

Mosaics with beige or pink tones, ranging from lighter to darker, give the **water a greenish hue**.

Son perfectos para obtener **tonos de agua verdoso** en la piscina, que van desde los tonos más claros a otros más oscuros.

Parfaites pour obtenir des tons d'eau **verdâtre** dans la piscine, allant des tons les plus clairs aux plus foncés.

Sarsen - Zen Collection

## Grey tone mosaics

Grey colours will tend to give the water **either bluish or greenish tones.**

Tenderá a tener unos **colores grisáceos con notas o bien azuladas o bien verdosas.**

Inox, Cuarzo, Stone, 2560-A  
2522-B, Sarsen

Elles auront tendance à avoir des couleurs grisâtres avec des **notes bleuâtres ou verdâtres.**

5085-B - Niebla Collection

## Green mosaics

Perfect for **green tones** that blends in with the surrounding landscape.

Indicados para conseguir **colores de agua verde** que den continuidad a entornos vegetales.

5085-B, Bali Stone, Green Pearl, Grasshopper, Tomahawk, Esmeralda, Cuprite

Recommandées pour obtenir des **couleurs d'eau vertes** qui donnent une continuité à un cadre entouré de végétation.

Coral - Iris Collection

## Light blue-green mosaics

These tones make the pool water a **light turquoise blue.**

Tienden a dar un color **azul claro turquesa** a la piscina.

Azur - Sky, 2521-B, 2508-A, 2518-B, 2529-B, Coral

Tienden a dar un color **azul claro turquesa** a la piscina.

Lava - Metal Collection

## Iridescent black and dark green tones

These tones give the water the **colour of a river or high mountain lake.**

Dan a la piscina un estilo de **color de agua natural de río o lago de alta montaña.**

Lava, Phyllite, Ebano, Capricorn, Jade, 2502-A

Ils donnent à la piscine un style de **couleur d'eau naturelle d'une rivière ou d'un lac de haute montagne.**

# JoinPoint®

## Adhesive & Joints

## Specialised workforce

# One system, total guarantee

Our philosophy and way of doing things is based on an unshakable cornerstone: ensuring quality. Not only the quality of our mosaics, but also quality installation.

An installation system that guarantees both maximum safety and the best long-term results is vital.

Our system is made up of three key factors:

### 1. Joint Point®

Our panelling system ensures perfect installation adaptable to curves and any complex shapes. But above all, 92% of the surface remains free for optimal adhesion, ensuring maximum durability.

### 2. Adhesive & Joints

The right choice of adhesive and joints is essential for quality installation. For perfect adhesion we recommend C2S1 type adhesives or higher. And for joints always use RG type epoxy tile grout.

### 3. Specialised workforce

The entire process of setting the mosaic tile should be done by an expert in mosaic techniques, tools, adhesives and joint sealants.

Nuestra filosofía y nuestra manera de hacer se sustenta en un pilar básico: garantizar la calidad. Y no solo la calidad de nuestros mosaicos, sino también la calidad de su instalación.

Un sistema de instalación que aporte tanto la máxima seguridad, como la confianza de que el resultado de la colocación va a dar los mejores resultados a largo plazo.

Nuestro sistema está compuesto por tres factores determinantes:

### 1. Joint Point®

Nuestro sistema de empanelado garantiza una instalación perfecta, capaz de adaptarse a las curvas y a cualquier forma compleja. Pero, sobre todo, garantizamos que el 92% de la superficie queda libre para el óptimo agarre del adhesivo, lo que asegura una durabilidad máxima.

### 2. Adhesivos & Juntas

La correcta elección tanto del adhesivo como de la junta, son fundamentales para garantizar la calidad de la instalación. Para la perfecta adherencia recomendamos los adhesivos del tipo C2S1 o superiores. Y para la elección de las juntas siempre la utilización de juntas epoxy del tipo RG.

### 3. Instaladores especializados

Todo el proceso de colocación del mosaico debe de estar realizado por personal experto en su instalación. Debe ser personal conocedor de las técnicas propias del manipulado del mosaico, de las herramientas a utilizar, así como de los productos de agarre y junta.

Notre philosophie et notre façon de faire reposent sur un pilier fondamental : garantir la qualité. Et non seulement la qualité de nos mosaïques, mais aussi la qualité de leur installation.

Un système d'installation qui offre à la fois une sécurité maximale et l'assurance que le résultat de la pose donnera les meilleurs résultats à long terme.

Notre système est composé de trois facteurs déterminants :

### 1. Joint Point®

Notre système d'assemblage garantit une installation parfaite, capable de s'adapter aux courbes et à toute forme complexe. Mais, surtout, nous garantissons que 92% de la surface est libre pour une adhérence optimale de l'adhésif, ce qui garantit une durabilité maximale.

### 2. Adhésifs & Joints

Le choix correct de l'adhésif et celui du joint sont essentiels pour garantir la qualité de l'installation. Pour une adhérence parfaite, nous recommandons des adhésifs de type C2S1 ou supérieur. Et, pour le choix des joints, toujours l'utilisation de joints epoxy du type RG.

### 3. Carreleurs spécialisés

L'ensemble du processus de pose de la mosaïque doit être effectué par un expert dans son installation. Il doit s'agir d'un expert connaissant bien les techniques de manipulation de la mosaïque, les outils à utiliser, ainsi que les produits d'adhérence et de joint.

# Custom Pixel Mosaic

One mosaic, one pixel. Designs based on an image to personalise the space 100%. A system especially suitable for simple images, repeating patterns or geometric shapes. The greatest advantage: being able to mix various mosaic finishes and textures, such as pearly, smooth, metallic, etc, to make your project truly special and unique.

Cada mosaico, un pixel. Propuestas diseñadas a partir de una imagen para personalizar el espacio al 100%. Un sistema especialmente indicado para imágenes sencillas, patrones repetitivos o formas geométricas. Su mejor ventaja: la posibilidad de mezclar múltiples acabados y texturas de mosaico como nacarados, lisos, metalizados, etc, para hacer de tu proyecto algo absolutamente especial y único.
